

For Immediate Release

What's new for 2007:

Rain Suit

Skyline's Rain Suit is a must-have for all hunters and fishermen. Ultra quiet, soft and 100% waterproof / breathable are a few key features that round out this garment. Constructed of 100% polyester-brushed tricot with ventilating mesh lining. The jacket has a full-length zipper with two storm flaps, two slash pockets with storm flaps, hooded visor with cord lock adjustment, knitted cuffs and a cord lock closure at the bottom for added fit. Also, incorporating a hidden chest pocket for valuables and added length in back to minimize any drafts. The pants are constructed of the same material as jacket with two slash pockets in front, one in rear with storm flaps. Cord lock waist with belt loops and knee length side zipper with snap storm flaps to aid in putting them on over your boots. Joe Thomas, B.A.S.S. fisherman has endorsed it for its great fit and terrific performance.

Scent-Lok Hooded Pullover

An exclusive item to Skyline's new products for 2007 is the Scent-Lok hooded pullover. Constructed of heavy 100% polyester-brushed tricot, this garment has a soft feel with the quietness only Skyline can provide. One zippered chest pocket and two "handwarmer" side pockets round out its features, along with knitted cuffs and quarter-length front zipper. This item is not to be let out of your Scent Control hunting bag.
